Sportsmanship Award

The Rich Novak Memorial Sportsmanship Award is presented to the Kids Cup angler who best demonstrates the spirit of fair play, good attitude and a willingness to help others while competing in the tournament.

An anonymous benefactor makes this award possible through a significant contribution to the Don Ball School

Rich Novak

of Fishing in Rich Novak's name.

Rich Novak was a good friend and a good sport. He was an avid angler and a founding member of the Tag-A-Giant bluefin tuna tagging research project. His selfless work as Charlotte County's Sea Grant Agent, for the preservation and betterment of Charlotte Harbor, should serve as an inspiration to young anglers and water-men everywhere. This year's trophy was created by Venice artist Tom Krause.

Last Year's Sportsmanship award winner was Sayje Monning. She got the award for being a really good sport when we called her name out by mistake as an age group winner. She handed the award we gave her to the rightful winner and got a bigger one for her good sportsmanship (and great smile).

Good Luck To All The Kids Cup Anglers!
